GENERAL INFORMATION

- A. The Maryland Public Secondary Schools Athletic Association is the official governing body for the Tennis tournament. Plans for the tournament were formulated by the State Tennis Committee and approved by the Board of Control.
- B. Schools choosing to enter the tournament have the responsibility for reading and adhering to the rules and regulations stated in the front section of this publication as well as those appearing within this Tennis Bulletin. Unless specifically stated, all rules and regulations stipulated in the USTA's "Friend at Court" Rule Book and Code will be followed.
- C. Eligibility rules for all participants are defined in MPSSAA Bylaw .02, found in the current MPSSAA Handbook.
- D. General regulations for all state tournaments are contained in MPSSAA Bylaw .07, found in both the current Handbook and in the front section of this publication.
- The MPSSAA State Tennis Committee has adopted the following policies prior to, during, and after match play in the interest of sportsmanship and safety:
 - 1. Abusive, loud, profane, threatening or obscene language, gestures or taunting during play shall also be considered unsportsmanlike conduct. The first offense will result in a one point penalty and the second offense will result in the disqualification of the offending player.
 - 2. Any tennis ball that is struck in frustration or anger outside of the normal run of play and comes in contact with the court, fencing, net, net post, another player, or leaves the court confines shall be deemed as equipment abuse.
 - 3. Any racket that is swung in frustration or anger that comes in contact with the court, fencing, net, net post, another player, or any racket intentionally propelled out of a player's hand toward the court, skyward, or in any horizontal direction shall be deemed as equipment abuse.
 - The normal escalating penalty scale for Code Violations will be applied unless the equipment abuse causes injury to an opponent where the opponent cannot continue to play, then a default by the equipment abuser will be declared.
 - Any violation of actions found in items #1 through #3 above following the conclusion of play will result in the loss of a team point and possible disqualification upon the determination of the State Tennis Committee. Any disqualification will result in the loss of all team points earned by the disqualified player(s).
- F. Officials and coaches are performing a disservice to the sport and the athletes when they allow unsportsmanlike acts to go uncalled because they do not want to appear to be "too picky". When those athletes do participate in a region or state tournament and the rules are enforced according to the code, players then think that the rules are unfair or that they should have received a warning, since the call was never made during the regular season. Resulting disqualifications are ultimately the responsibility of the athlete and the coach, however officials and coaches who have tolerated illegal actions during the regular season must also assume some responsibility.
